## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 3-5, 7, and 9-31 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Applicant's arguments and declaration under 37 CFR 1.132 filed October 14, 2009 are persuasive to overcome the rejection over the '789 patent, thereby placing the application in condition for allowance. In particular, the arguments spanning the bottom of page 3 to the middle of page 5 of the response are persuasive. In addition, the second declaration of Dr. Christiane Ripp provides evidence that the fabric carriers used in the '789 patent have significantly lower solid volume proportions than the 40% required by independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
